

BCTRUST AND BLANCHARD MEMORIAL ELEMENTARY SCHOOL CONTESTS

Every year the Boxborough Conservation Trust sponsors a writing contest and an art contest at the Blanchard Memorial Elementary School to encourage students to think about the natural landscapes and wildlife in their community.

WRITING CONTEST

The writing contest currently features Grade Six contestants although grades 9 - 5 were included in the past. Currently, three winners are chosen for 1st, 2nd and 3rd place. Students are asked to write an essay or a poem about a particular theme. Past themes are listed below with the description being copied from the issue of Common Ground in which the winners were published. The narrative was usually preceded by the context for the theme choice and issue link is included:

2017:

This year's topical theme is protecting our water resources—including underground aquifers, wetlands, ponds and brooks. https://bctrust.org/wp-content/uploads/2017/09/Common-Ground_Spring-2017_final.pdf

2016:

For this year's contest, sixth grade students were asked to write a creative story, poem or essay that sends a strong message to Boxborough residents that this important issue of climate change needs our attention and we need to work together to use less energy, use alternate forms of energy that won't harm our future, and to support the preservation of nature. https://bctrust.org/wp-content/uploads/2017/04/bctrust_cg_sum2016_final_26jun.pdf

2015:

For this year's writing contest, we asked students to visit conservation land near their home or Blanchard Elementary School and use their senses to experience the land and the plants and animals that live there. Using prose or poetry, students described what they saw, heard, smelled, touched, or tasted and how it made them feel. We challenged them to create a mental picture for the readers of Common Ground; so through their experiences and their written words, perhaps you can experience and better appreciate Boxborough's beautiful conservation and farmlands. 2014:

Global Warming is on everyone's mind, and today's youth want to do their part to reduce the warming trend, so the BCTrust asked students to write a persuasive essay, poem, or narrative to convince townspeople to make preserving undeveloped land, especially trees, a priority. See what our four winners had to say about how trees not only remove carbon from the atmosphere, but also benefit us in countless other ways—from providing habitat for wildlife to

creating fantastic viewsapes for all to enjoy. <https://bctrust.org/wp-content/uploads/2016/02/2014-01-summer.pdf>

2013:

The theme of this year's writing contest was commemorating the BCTrust's 15 years of existence! Students were asked to tell the town, in a poem, essay, or letter, what they value about having conservation land in our community, and why it is important to have people working together in an organization like the BCTrust to accomplish an important goal to preserve as much land as possible. <https://bctrust.org/wp-content/uploads/2016/02/2013-01-summer.pdf>

2012:

The BCTrust wondered what our youth are thinking about Boxborough's farming past, present, and future, so for this year's writing contest we asked them to write a poem, essay, or narrative letting our readers know what they think is special about farming in our community. There were 140 entries submitted for consideration by students in grades 3 through 6. <https://bctrust.org/wp-content/uploads/2016/02/2012-01-summer.pdf>
